

RISCH COLOR FOIL OPTIONS

SEE OUR COLOR FOIL OPTIONS FOR CUSTOM IMPRINTED RISCH PRODUCTS

KEEP IN MIND

Foil colors may vary slightly in hue once stamped due to underlying material color bleed through.

Foil color is contingent upon adhering to cover material. Not all colors are guaranteed to adhere to every material type. This is due to the inherent chemical makeup of the cover material and foil. Some materials are just not compatible with every foil type.

Colors often vary slightly from digital screen, hue may be different from screen to final cover print.
